100 Days of DevOps Challenge

Day 27 : Git Revert Some Changes

Name: Monisha J R

Department: CSE

Git Revert Some Changes

Objective :

The goal is to revert the last commit in a Git repository to its previous state and then create a new commit with a specified message.

Steps Performed :

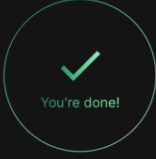

- **Navigate to the local repository directory:**
 - `cd /usr/src/kodekloudrepos/blog`
- **Revert the last commit (HEAD) to the previous commit.** The revert operation will undo the changes introduced by the last commit but keep them in the working directory.
 - `git revert HEAD -n`
- **The unstaged files from the revert operation will be `blog.txt` and `info.txt`.** Stage all changes for the new commit.
 - `git add .`
- **Commit the changes with the specified commit message.**
 - `git commit -m "revert blog"`

End

00:14

Terminal 1

Stop Lab

You're done!

CONGRATULATIONS!!!!

You have successfully completed the challenge. Results have been saved. Ref ID: 68077d83399a2462b6cc667d

That might have been an easy task for you. But don't worry. Depending on the tasks you complete, you will get more difficult and advanced tasks assigned in the future.

You can also view your results in your dashboard under the "Active Practice" page.

```
[root@ststor01 blog]# git revert HEAD -n
[root@ststor01 blog]# git status
On branch master
Your branch is up to date with 'origin/master'.

You are currently reverting commit aaf5425.
(all conflicts fixed: run "git revert --continue")
(use "git revert --skip" to skip this patch)
(use "git revert --abort" to cancel the revert operation)

Changes to be committed:
  (use "git restore --staged <file>..." to unstage)
        new file:   info.txt

Untracked files:
  (use "git add <file>..." to include in what will be committed)
        blog.txt

[root@ststor01 blog]# git add .
[root@ststor01 blog]# git commit -m "revert blog"
[master 403084a] revert blog
2 files changed, 2 insertions(+)
create mode 100644 blog.txt
create mode 100644 info.txt
[root@ststor01 blog]#
```

Feedback

Congrats!

You have completed the task successfully.
